

Somerset Art Works is excited to launch - At Home With Nature

A beautiful nature and creativity project during this time of social distancing. Whatever your age and ability, we'd love you to join in and be part of this collective, community activity!

Get creative while finding out about insects, birds, fish, beetles and butterflies! 🦋

1. Create your own nature inspired designs using templates by artist [Melanie Tomlinson](#) and [Somerset Art Works](#).
2. Share your colourful creations on our community blog, where our wonderful panel of artists and conservationists will select their favourite designs.
3. Selected designs will be professionally printed on weatherproof aluminium by Melanie Tomlinson and returned to you for spectacular outdoor display.

Download your templates here: <https://athomewithnaturesomerset.wordpress.com/templates/>

Check out the blog for latest news here: <https://athomewithnaturesomerset.wordpress.com/>

We can't wait to see your designs!
